

The Quiet Coup

No tanks in the streets. No dramatic declarations. Just the slow erosion of norms, the quiet purchase of power, and laws twisted beyond recognition. The most dangerous overthrow is the one you're told isn't happening. We will resist.

See it. Name it. Fight it.

See it.

- Study patterns in failed democracies
- Track resignations and replacements
- Identify disinformation and omissions

Name it.

- Call it by its name: authoritarianism
- Demand officials uphold their oaths
- Build awareness with each conversation

Right it.

- Build resilient community networks
- Join organized constructive protests
- Run for local office to restore justice
